Eighth District. Special to the Indianapolis Journal

TERRE HAUTE, Nov. 8 .- Brookshire (Dem.), for Congress, carries Sullivan by 1,451 and Clay by 61. Johnston, present Congressman, carries Vigo by 179, Montgomery, 261; Vermillion, 298; Fountain, 114; Parite, 590.

Brookshire (Dem) is no doubt elected by about fifty plurality over Johnston, (Rep ), present member of Congress. The district gave Cleveland 700 plurality in 1884.

The First in Sixteen Years. CHATTANOOGA, Tenn., Nov. 8 .- Evans, Republican, has been elected to Congress by nearly 300 majority. He is the first Republican from this district in sixteen years. It is said his election will be contested on the ground that the

result was secured by the votes of non-resident

Counting the Votes in Clay. Special to the Indianapolis Journal.

BRAZIL, Nov. 8 .- Clay county, twenty-one precincts, officially counted give Cleveland 3,773 Harrison 3,705, a Republican gain over Blaine of 33. The vote for Governor is about the same-Brookshire, Democratic nominee for Congress from the Eighth district, has a majority of 84. McGregor, Democrat, has a majority of 184 for judge of this, Thirteenth, judicial circuit and the Putnam county vote elects him. Herr, Republican nominee for presecutor, has 248 majority, but is defeated in Putnam county. Byrd. Democratic nominee for joint Senator. has 147 majority and is elected, Republicans elect a Representative by 96 majority; also,

county clerk and perhaps a commissioner. Democrats elect recorder, sheriff, treasurer, coroner and two commissioners by small majorities.

JOYFUL REPUBLICANS. A Day of Hilarity and Hearty Rejoicing on the Streets of Seymour.

Special to the Indianapotic Journal SEYMOUR, Nov. 8 .- The streets of this city have been alive to-day with shouting and singing Republicans. Every Harrison hat received a coat of bright red paint. As fast as Republicans appeared upon the street they were branded with chalk with such characters as "544," "Ben," etc. The Republican gain of 125 in this old moss-back county, in spite of thunder-storm, Democratic boodle and illegal arrests causes the Repubicans of "old Jackson" much joy. The average campaign tin-horn is a sweet-sounding musical instrument compared with the Jackson county variety which is abroad in the land to-night Jason Brown's Indianapolis newspaper friends are boasting of his great majority in the Third district. His own county scoring a Domocratic loss on the State ticket, is suggestive of the fact that Mr. Brown was looking out for his own baggage. The result in Jackson county establishes the fact that the people of the county have not lost sight of the infamous unseating of Senator W. N. McDonald. While every Republican in the county did his whole duty, no one was more zealous than Senator McDonald in this campaign. The gain in this county was principally caused by reading, thinking Democrats, who were tired of the old free-trade Democracy, casting their lots with the party of progress and protection. The gains came principally from old soldiers, farmers and the manufacturing institutions, and has come to stay.

At Greencastle,

special to the Indianapolis Jopenal. GREENCASTLE, Nov. 8 .- The city is a perfect bedlam, and people have paraded the streets all day regardless of the incessant rain. Mud is ankle deep, but it would take a regular flood to dampen the wild enthusiasm of the Republicans here. Great crowds are on the streets, and all the bantering and tin-horn noise are taken in the best of spirit. A large crowd, composed principally of students, "took in the town" this morning and among the places they visited was DePauw University. All the professors greeted them with smiles and pleasant words with the exception of one. When they attempted to call on Prof. T. J. Bassett, the so-called Prohibitionist, the first boy in the room was received with a severe blow on the head, which very nearly knocked him down. The Professor is six feet boy he struck was of slight build and delicate frame. The action of the Professor meets severe rebuke on all sides.

At Liberty.

pecial to the Indianapolis Journal. LIBERTY, Nov. 8-The Republicans of Union county are almost beside themselves with rejoicing over Harrison's election. Notwithstand ing the rain the town is full of people, business is suspended, and everybody "crazy." Even the Democrats are joining in the acclaim, but this is thought to be a blind to cover up their votebuying scoundrelism, and the contemptible action of their United States deputy marshals. The election of General Hovey and the State ticket is a matter of comment and rejoicing. The magnitude of the victory is wonderful, especially in the face of what Indiana Republicans have had to meet. A citizens' committee have determined to prosecute the corrupters of the ballot in Union county. Union county sends greeting to President-elect Harrison, and to

The official vote in Union county gives General Harrison 240 majority. The Republican county ticket is elected by majorities ranging from 52 to 265.

At Pendleton. special to the Indianapolis Journal.

PENDLETON, Nov. 8.—The name of this town has been changed to Bedlam. This morning as soon as the Republicans had become thoroughly convinced that Benj. Harrison was the President-elect, steam whistles, cannon, fish-horns and strong voices commenced the racket, and no one can tell when it will stop. There has been steady rain here all day, but that does not dampen the ardor of the crowd. Bands of jubilant Republicans, decorated with flags and bunting, have been parading the streets since morning. Residences and business-houses were decorated as if by magic, plug-hats were smashed, and many were painted red, and the town is being painted red generally. There will be a formal ratification meeting to-morrow

At Union City.

special to the Indianapolis Journas. Union City, Nov. 8 .- The assurance of Harrison's election has set this town wild with enthusiasm, and men and women of all ages and conditions are in the streets celebrating the event by every conceivable kind of demonstration. Business is suspended, and everything gives way to rejoicing. The school children declare they cannot bear the bell, and have filled the streets full with themselves, and blow horns like fury. The Democrats are good-natured and courteous, and in many cases "fraternize." They are surrendering their bets, and one leader, who has kept Cleveland's picture in his window, has trimmed it in mourning, and dislays Harrison's picture by the side of it. Union City is the best-humored town in the world.

At Peru.

Special to the Indianapolis Journal. PERU, Nov. 8 .- Republican joy and gratification over the election of Benj. Harrison continnes in this city without abatement, and also throughout the entire county. All last night, to-day and to-night marching bands of men with drams and fifes have added to the tumultuous din of thousands of tin horns and the usual accompaniments. A meeting was held this morning and steps taken for a grand county rally to occur in this city on Saturday, Nov. 10, lasting throughout the afternoon and evening, with a huge parade, torch-light procession and magnificent display of fire-works.

At Albany.

Special to the Indianapolis Journal. ALBANK, Nov. 8 .- Great enthusiasm prevailed at this place last night when the news of Gen. Harrison's election came in. Men and boys marched up and down the streets and visited all the stores in town, tearing up and burning all the hats that could be found. It is said that at the store of Messer J. E. Stafford there were over one hundred hats destroyed, either burned or torn up. For the next week it will not be safe for a man or boy to walk the streets of Albany wearing a good hat, unless he is willing to donate the same to the success of General Har-

At Tipton. Special to the Indianapolis Journal.

Tipton, Nov. 8 .- Pandemonium reigns su preme here. Tin horn brigades are parading the town, and business is absolutely suspended. The Democrats are all "holed up" and cannot be seen. The Republican gain in this county was a great surprise to them, and they are now trying to explain it. To-morrow night (Friday) a grand jollification meeting will be held. A forty-foot hollow gum will be erected and a sixty-foot bon fire is promised.

At Connersville.

Special to the Indiapapolis Journal CONNERSVILLE, Nov. 8 .- The oldest inhabitant never witnessed the enthusiasm and pandemonium that reigns in this city to-day over the election of General Harrison and the Republican ticket. The streets are full of enthusiastic Republicans, and present a marching, singing mass of people with bells, tin horns, brass and martial bands, carrying flags, bunting, dead roosters, etc., in spite of a steady, drenching

At Mattoon, Ill.

Special to the Indianapolis Journal. MATTOON, Ill., Nov. 8 .- Upon receipt of the report of Harrison's election, this afternoon, hundreds of enthusiastic Republicans formed in procession and marched about the city, headed by a band. A bandanna umbrella with crape tied to it was carried at the bead of the column; also, a dead rooster, with a bandanna attached. both of which were appropriately buried in the mud on the street under the Harrison and Mor-

Democratic Malignity.

Special to the Indianapolis Journey WABASH, Nov. 8 .- At La Fontaine, this county, to-day, Republicans brought out anvils and proceeded to jollify over the election. Several Democratic women gathered while the Republicans were absent at dinner and carried sired to subserve, and whose rights he

the anvils away and hid them. The anvils were finally found. They had been befouled in a most disgusting manner by the females.

FRAUD IN CONNECTICUT. A Discovery That May Result in Giving the

State to the Rebublicans. Special to the Indianapolis Journal HARTFORD, Conn., Nov. 8 .- There is much excitement here over the announcement tonight that the Republican State committee claim the State in doubt, due to glaring frauds just discovered. The fraud is claimed to be in New London county, the Third congressional district, in the vicinity of Preston, London, Stoning-Old Lyne. These towns gave Harrison 2,360; Cleveland, 2,670, and Fisk 257-a plurality of 310 and a majority of 55 for Cleveland. Republicans claim wholesale frauds, and say that Fisk received not over 100 legitimate votes, due to the Prohibitionists voting solidly for Cleveland, and that in none of the towns named, except Preston, was there Democratic plurality. If this is correct, it will wipe out Cleveland's 334 plurality in the State. The State Comptroller has ordered that the poll-box list and ballot boxes be sent here for official recount. Both sides, in consequence, cry fraud; and Democrats declare that it is a conspiracy by the Republican State gov ernment to count Cleveland out.

HOLES IN THE SOLID SOUTH,

Republicans Carry West Virginia for Electors,

Congressmen and Legislature. WHEELING, W. Va., Nov. 8 .- Dispatches received to-night from the capital of the State announce that Democratic State Treasurer Thompson concedes West Virginia to the Republicans by from 400 to 700 majority. This simply is a confirmation of the steady Republican gains that have been coming in to-day. The Republican State committee here claim the State by a much larger majority. They claim to have at least three, and probably a solid delegation of four Congressmen. They claim majorities for the electoral ticket, and a majority in the Legislature. The Republican enthusiasm in this city to-night was unprecedented. Thousands of people have crowded the streets in front of the Intelligencer building to read the bulletins, and on every side is heard the cry that "the solid South is broken at last by the vote of this

Republican Senator from Delaware. WILMINGTON, Del., Nov. 8 .- Nearly full returns show that in Kent county the Republicans elect their whole legislative ticket. In Sussex the Republicans elect five members of the Legislature by pluralities of from 50 to 100. The indications are that they elect the other three, but Messrs. Boyce, Russell and Philips, on the Democratic ticket, run ahead, and the vote is so close that it will take the official count to decide it certainly. An evening special from Georgetown, received at 2:40 P. M., says the official count, just completed, shows the election of the entire Republican ticket in Sussex by majorities ranging from 40 to 426. This makes the next Legislature stand sixteen Republicans to fourteen Democrats, insuring the election of a Republican successor to Senator

Saulsbury, whose term expires next March. Cleveland's plurality in the State is 3,444. Congressman Pennington, Dem., is re-elected by over 3,400 plurality. The next Legislature will stand: Senate, Democrats, 7; Republicans, 2. House, Democrats, 7; Republicans, 14, giving the Republicans a majority of two on joint ballot.

ILLINOIS.

The Governor-Elect Is Feeling Quite Well, and Is Reasonably Happy.

Special to the Indianapolis Journal BLOOMINGTON, Nov. 8.—Private Fifer, Governor-elect of Illinois, was happy and very well to-day. This afternoon he sent the following

Hon. Benj. Harrison, Indianapolis: I congratulate you on your splendid victory. It means Republican supremacy for the next twentyfour years.

Mr. Fifer, speaking of the inroads made into his vote in Cook county and Chicago, said that it was brought about by a skillful combination made by the Democrats. The Anarchists, he said, voted solidly for Palmer; then the Prohibitionists in Chicago, as elsewhere in Illinois, scratched their candidate for Governor and voted for Palmer. In this city and elsewhere leading Prohibitionists were seen at the polls on Tuesday peddling pasters for Palmer and using their influence against Fifer. In reply to a question he said, "No, the efforts of the Democracy to lead away the Republican railway men from me did not succeed. The railway boys voted all right."

The returns from all the counties in Ilinois on the vote for President and Governor show that General Harrison has carried the State by over 20,000 plurality, while "Private" Fifer has run ahead of General Palmer over 13,000 votes. General Palmer, at Springfield last night, gave up the fight and acknowledged that Fifer had beaten him.

Paris, Nov. 8.—Complete returns from Edgar county give Cleveland 3,169; Harrison, 3,107; Palmer, 3,188; Fifer, 3,103. The State ticket will be carried by about the same figures as those given for Governor. R. L. McKinlay, Democratic congressional candidate in the Fifteenth district, 3,197; J. G. Cannon, 3,088. The general banking law was defeated. On the county ticket the Democrats elected their candidate by majorities ranging from 49 to 93. In 1884 Cleveland carried this county by a plurality of 283, showing a Republican gain in Tuesday's election of 221 for General Harrison.

NEW YORK.

The Democratic National Committee Apologizes for a Deceptive Dispatch.

New York, Nov. 8 .- The campaign is at last ended in this city, and things are fast settling down to their normal condition. The various campaign headquarters have closed up, with the exception of the Republican and Democratic national executive committees, and these will probably be abandoned to-morrow. The national Democratic committee now concede for the first time the election of Harrison. They make this statement:

"When the National Democratic committee claimed the State of New York on Tuesday evening, by 10,000 to 15,000 majority, the figures of the returns then received fully justified the estimate. The reports from New York city and from large communities in the interior of the State showed Democratic gains, and the first reports from Brooklyn were to the effect the majority there was 19.000. telegraph wires were very crowded and the transmission of the committee's bulleting to the West was considerably delayed. There is evidently a misapprehension in some parts of the West as to the time at which the dispatch was sent. The particular dispatch referred to was one received in the West from the Democratic committee, claiming New York by 10,000 to 15,000 majority. When the dispatch arrived out there, it was wholly at variance with the returns from this State. The Democratic committee say it was not intended to deceive any one, and that at the hour it was written the bulletins of some New York papers were giving the State to Cleveland by 18,000 plurality.

ALBANY, Nov. 8 -Governor Hill was sarenaded to-night at the executive mansion, and in his address to the thousands of persons who thronged the lawn and terraces, occurred these

"Our success in the gubernatorial contest is marred, however, by the shadow of national disaster. In common with every true Democrat, I greatly regret the defeat of President Cleveland in the State and in the Nation. He deserved better at the hands of people of this country. Hop. brave and courageous, he gallantly led his party in the great contest for tariff-reform, and suffers defeat, owing to false clamor, unjust prejudices, unfair representations and the gigantic and combined efforts of all the monopolists of the country. He did his duty, as he understood it, regardless of personal or political considerations, and he should have been sustained by the tax payers, consumers and masses of the people, whose true interests he de-

unselfishly endeavored to maintain. It is not now necessary or profitable to inquire whether the issue which he so boldly made might not more wisely have been earlier presented or postponed to a later period. It is sufficient to say that, as the trusted leader of the Democratic party, after a full and careful consideration of the whole subject, he deemed that the best and truest interests of the country required that the issue should be made at this crisis, and with that patriotic and deliberate conclusion, when once reached, there should have been prompt acquiescence.

Full unofficial returns of New York State place Harrison's plurality at about 12,000. Hill's -Democrat, for Governor-plurality will ex-ceed this. The Evening Post makes electoral vote stand, Harrison, 233; Cleveland, 168, giving West Virginia to the Democrats. Indications are that Republicans have majorities in Legislatures in West Virginia and Delaware, which will give the party two additional United States Senators.

CALIFORNIA.

The State Will Give General Harrison a Pinrality of About 8,000.

Special to the Indianapolis Journal SAN FRANCISCO, Cal., Nov. 8 .- Harrison will get a plurality of 8,000 in California. Cleveland will carry the city by 4,000, and the interior will give Harrison 12,000. Republicans will have four and probably five Congressmen. The full count will not be completed until to-morrow.

M. H. DEYOUNG.

M. H. De Young, chairman of the sub-commit-tee, of the national executive committee, telegraphed to Chairman Quay last night that all the Pacific coast States had gone for Harrison, and California particularly, by a rising vote of 8,000. The Examiner editorially claims that California is still in doubt and probably Democratic. The Chronicle says: "We think we are entirely safe in saying California has gone Republican by for from 4,000 to 5,000." Late this afternoon the count had been completed in 140 precincts in this city, out of a total of 176, and the result as follows: Cleveland, 26,986; Harrison, 26,116.

A Promise Redeemed.

Special to the Indianapolis Journal. TERRE HAUTE, Ind., Nov. 8.-Colonel Thompson received the following from San Francisco:

"The boy who tied the banner to your standard in Chicago says to you: 'Thank God!' California has done as we promised.

THE ELECTION IN GENERAL.

ossibility That Speaker Carlisle May Be

Counted Out on a Technicality. Special to the Indianapolis Journal. CINCINNATI, O., Nov. 8.-There is said to be a possibility that Mr. Carlisle may be counted out. The Carlisle ballots in Campbell and

Kenton counties were printed on perforated paper, so that they could be easily torn apart. In many instances they were torn carelessly apart, leaving the ballots in irregular shape and containing perforations. The matter was reported to-day, and Mr. Carlisle at once secured counsel. The Campbell county board of elections is Republican, and an effort will be made to induce it to throw out the perforated votes. Carlisle was pale with rage when confronted with the statement. "It is absurd, utterly absurd," said the Speaker; "I could have my ballots printed on any diamond, triangular or round pieces of paper, if I chose. You could vote an open ballot if you want, and it could not be counted out. I have no fear; there's nothing in it." In several wards and precincts in Newport and Covington the perforated tickets were noticed, and were received under protest. In precinct B, Ward 8, Covington, 51 of these ballots were voted, and in precinct A, Ward 7, there were 183. This ratio, kept throughout the district, would, if they are not counted, defeat Mr. Carlisle.

Missouri.

St. Louis, Mo., Nov. 8.—Official and semiofficial returns have been received from 90 out of the 114 counties in the State, and with advices from the remaining twenty-four, show that Cleveland's plurality will exceed 25,000. Francis, Democrat, for Governor, will have a plurality over Kimball, Republican, of about 12,000. The Republican State committee concede the election of Francis by a very small plurality. No further changes have occurred in the congressional delegation. It will stand ten Democrats and four Republicans, a gain of two of the Republicans. The State Legislature will probably stand: Senate-25 Democrats. 9 Repub licans; House-83 Democrats, 58 Republicans. The Democrats lost nine members of the Legislature in St. Louis and gained one in the country, a net Republican gain of eight.

The Result to Delaware. Special to the Indianapolis Journal.

WASHINGTON, Nov. 8.—The little State of Delaware is so small that it has been considered mpossible for anything to turn around in it but according to the latest returns the Legislature is Republican and will elect a Republican Senator to succeed the venerable Mr. Saulsbury, whose term expires on the 4th of March next. There was to be a very hot fight between the Bayard and Saulsbury factions in that little State over the senatorship, and it was expected that the Secretary of State would retire from the Cabinet for the purpose of making a canvass, but he will not be required to do so now. The result in Delaware is so unexpected that no Republican has yet been talked of.

Oregon and Washington Territory. PORTLAND, Ore., Nov. 8,-More than threefourths of the full returns have been received from Oregon. The vote has increased nearly 10 per cent. over that of last June, and the Republican majority has increased in just about the same proportion. The vote of the State is nearly 66,000, and the Republican majority is fully 8,000. In Washington Territory, Allen (Rep.)

elected to Congress by not less that 5,000 majority. This shows a Republican gain of over 7,000 since 1886. The Legislature, in both branches, is Republican. Colorado.

are coming exceedingly slow. Republicans this morning claim the State by 13,875 majority, which, if correct, is a Republican gain over Blaine's majority in 1884 of 5.000. The Republicans also claim every member of the lower House, and 20 out of 26 members in the Senate.

DENVER. Col. Nov. 8 .- Returns from outside

Idaho. \*

Boise City, I. T., Nov. 8 .- Partial returns from the counties in this Territory give Hawlew, Democrat, for delegate to Congress, 1,336; Duboise, Republican, 1,602

Montana. A telegram to Mr. Russell B. Harrison states that Montana has gone Republican by 5,000, carrying the Council and House. This is a gain

Nevada.

SAN FRANCISCO, Nov. 8.-Returns from the State of Nevada, as far as counted, give Harrison 4.443; Cleveland, 3,132. Congress-The returns, as far as counted, give Bartine (Rep.), 4,105, and Cassidy (Dem.), 3,143.

Iowa.

DES MOINES, Is., Nov. 8 -- Sixty-one counties,

complete, give Harrison a net gain of 10,583, or a plurality so far of 26,000. The remaining thirty-eight counties will probably raise his plurality to 34,000.

THE NEXT HOUSE,

Edward McPherson Thinks Republicans Will Have a Majority of Twenty.

WASHINGTON, Nov. 8 .- Late this afternoon, Mr. Edward McPherson said: "All of the information obtainable up to this afternoon justifies me in expressing the opinion that the next House will consist of 173 Republicans and 152 Democrats. There is a possibility that the Republican majority may be reduced by later advices to 19 to 20, but I have made liberal allowances in my calculations for all Democratic

Representative Breckinridge, of Kentucky, a Democratic member of the ways and means committee, expresses the opinion that the Republican majority in the next House will be very slender, and is confident that it cannot exceed ten in any event. According to his calculation, the Republicans must show a gain of nineteen Republicans to secure a majority, and he does not believe they have much exceeded

The Michigan Delegation.

DETROIT, Mich., Nov. 8 .- Harrison's plurelity in Michigan will reach 22,000 against 3,308 for Blaine to 1884. This surprisingly large gain to undoubtedly due to the return of the Green-

backers to the old party lines. Four years ago he fusion vote of the State was 189,361, the straight Democratic vote being 149,835 and the Greenback vote 41,490. The combination Greenback and Union Labor vote of last Tuesday will not exceed 8,000. Comparatively few counties have made returns on the Prohibition vote, but St. John's vote of 18,403 has been reduced nearly one balf. Luce, Republican, for Governor, will have a plurality of about 13,500. He was bitterly opposed by the liquor men, and ran behind in all the large cities. In this (Wayne) county, Cleveland's plurality is 4,494, while that of Burt, Democrat, for Governor, is 9,638. In the country, however, Luce more than held his own. The Republicans have carried eight of the congreesional districts, the Democrats two, and one (the Tenth) is still in doubt. The remaining districts will be represented as follows:

First-J. Logan Chipman, Dem.\* Second-Edward P. Allen, Rep. Third—James O'Donnell, Rep.\* Fourth—Julius C. Burrows, Rep.\* Fifth-Charles E. Belknap, Rep. Sixth-Mark S. Brewer, Rep. Reed, of Maine; McKinley, of Ohio; Burrows, of Michigan, and Cannon, of Illinois. Mr. Edward McPherson will undoubtedly be elected Clerk, and a new set of officers chosen.
